PO Box 2270  
Fort Wayne, IN 46801-2270

The violet shades cast by the setting sun,  
The pale red hue of a harvest moon,  
The black stillness of night,  
The blue calm of the expansive sky,  
The brilliant yellow of waving wheat fields,  
The warm greenness of spring and summer,  
The vivid orange of autumn leaves,  
The white sparkle of winter snowflakes,  
All combine to form a small part of the colour  
Spectra of our university, our community, our lives,  
Both individually and combined they form  
The theme of our 1961 Greystone.....COLOUR.

A colourful whirl—the year 1960-1961

Colour is a universal force.

It is everywhere.....

In the countryside around us

.....the sky, the hills, the lakes.

In the people around us

.....the things they do and say.

In the campus around us

.....the bowl, the buildings.....

# President J. W. T. Spinks

To the Graduates of 1961:

Once again another academic year has gone by and soon many of you will be leaving. It has been a year of interesting and exciting events at the University. We broke the 5000 barrier at Saskatoon, opened the W. P. Thompson Biology Building and the Arts Building, and announced building and staff expansion plans for the Regina Campus. A successful fund raising program not only helped our expansion program but also brought us into contact with a host of new friends.

To those who are graduating, a very sincere good wish for every success in the future, and to those who return, we look forward to welcoming you back.

The Music Directorate took on new scope this year by presenting a Sunday evening recital. On Feb. 5 soprano Carmen Mehta-Lasky and baritone Harry Dahlem were featured in a recital at Convo Hall. It is hoped this will be the first in a series of Sunday evening recitals.

In April, the Directorate produced a concert for the C.B.C.

With some new arrangements and many fine, swinging sounds, the Varsity Dance Band again proved itself to be Canada's Number One College Dance Band.

An all-campus Concert Band was formed under the direction of Prof. Kaplan, and proceeded successfully through its formative stages.

The Public Relations Directorate, over the past year, has performed the task of promoting the campus on the campus. The Directorate was concerned with the promotion of functions in which the SRC had a direct interest.

In doing this, each member of the Directorate was responsible for the organization of the building of their college floats for the Homecoming parade. Later in the year, for the Blood Drive, the Directorate promoted two rallies,

among the most successful ever seen on the campus. The first rally featured the Education quintet singing and bleeding on stage. The second rally was an auction of beautiful girls for the blood drive dance. Needless to say, it was a success.

The general task of the Public Relations Officer can be easy or difficult, but with the extremely competent Directorate that assisted me, I found my task relatively easy.

# Organizations

# Greystone Singers

The Greystone Singers, which has grown to a group of over ninety voices this year, is sponsored by the Memorial Union. Its purpose is to afford interested and enthusiastic students an opportunity to sing good music.

Mr. Kenneth Ansdell capably leads the Singers and in his capacity has instilled in the members an enthusiasm for group singing.

The Greystone Singers gave a pre-Christmas concert in Convocation Hall to a capacity crowd. The performance was recorded and broadcast over several Saskatchewan radio stations on Christmas day. In March the group travelled to Prince Albert and sang music from around the world. It performed in Convocation Hall the next evening. Two opuses were also given during the year.

The group, which has been in existence for only three years, anticipates even greater singing quality and success in the future. Students wishing to join should contact the Director, Memorial Union.

## Varsity Band '61

Managing Director — Walter T. Ewasew.

Trumpets — Robert Davidson, Mike McCart, Don Bedford, Randy Shaw.

Saxes — David Hopkins, Douglas Ruse, Bob Klassen, Wayne Taylor, Dave Shearer, Edward Ratushny.

Rhythm — Peter Johnson, piano; Denny Thomas, bass; Jack Fittor, drums.

Trambanes — Walter Ewasew, Jahn Dmytryshyn, Francis Brunelle.

The '61 Varsity Band has traditionally held high the standards of big band music. Under the sponsorship of the S.R.C., the band provided the students of the university, without whose support the band could not function practically or financially, with high calibre live big band music. Rehearsals totalled 161 hours whereas actual playing time amounted to only 51 hours. This difference should be somewhat reduced, and therefore, in the future, we urge all colleges and groups to support this very worthwhile project — Varsity Band.

The band wishes to sincerely thank Dr. D. L. Kaplan for his expert help and advice. We also wish to extend deepest appreciation to Messrs. Douglas Korman, Music Director, and Hugh Mah, Social Director, who generously supported the project — Varsity Band '61.

Swiato Krut

The Alpha-Omega Society has, for thirty-one years, united the Ukrainian students of this university in cultural, academic and social activities. The organization was first conceived as a non-sectarian, non-political society to maintain Ukrainian tradition, promote interest in the study and appreciation of Ukrainian culture as a contribution to Canadian cultural development and to organize social activities to foster a spirit of fellowship among students of Ukrainian extraction.

This last term's endeavours have amply shown the products of the society's progress. Under the guidance of an energetic president, the club surged ahead in a round of

activity. The Membership-Drive Tea at the home of Professor and Mrs. Michelenko was a well-attended, successful occasion. An enjoyable hayride was held in November. Julie Karapinka spoke on Ivan Franks. The Society teamed up with the Obnova Club to sponsor the "Commemoration of the Battle of Kruty" in Convo Hall, which was an unprecedented success. The Constitution was revised and a committee studied possibilities of publishing the Jubilee Yearbook.

It is hoped that succeeding generations of students make the activities of the society even broader and further-reaching.

# Lutheran Students Association

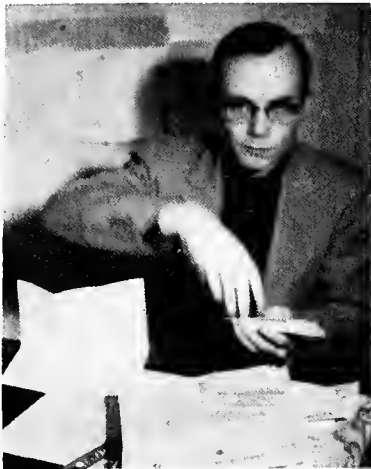

The Lutheran students had an active year highlighted by their convention at the University of British Columbia during the Christmas holiday. In the fall of 1961 they will become part of the new Lutheran Student Movement in Canada. Autonomy has come in response to the needs of Canadian students. The purpose of the new movement is to confront students with the person of Jesus Christ as Lord and Saviour, seeking to have them commit their lives to Him and seeking to make them aware of their responsibility as willing servants of Christ.

Allan Christiansen, President; Myrtle Olson, Vice-Pres.; Leona Davidoff, Secretary; Harold Hesje, Treasurer; Jim Engel, Evangelism Chairman, Bob Kohlert, Warship Chairman; Maynard Nerbos, Stewardship Chairman; Louise Taews, Service Chairman; Allon Greve, Social Chairman; Otto Silzer, Frosh Rep; Elaine Holmgren, Teachers' College Rep.

The University of Saskatchewan Obnova Club, organized in 1953, is affiliated with the National Obnova Federation and unites Ukrainian Catholic university students in Canada and United States. Its object is to renew and promote understanding of the Byzantine Catholic Rite and Ukrainian culture through intellectual, social, and moral activities. Obnova Club-rooms at the University of Saskatchewan are at Sheptytsky Institute.

## B'nai B'rith Hillel Foundation

The purpose of the B'nai B'rith Hillel Foundation is to provide the Jewish University student with a link with his faith. At Saskatchewan there are some forty students taking advantage of Hillel's services. Hillel is concerned with the educational, spiritual and social needs of the students. The program is geared to allow the individual student to choose those aspects in which he wishes to participate.

The 1960-61 executive: Director — Rabbi S. T. Swirsky; President — Andrea Londa; Vice President — David Sannenschein; Secretary — Bette-Ellen Swartz; Treasurer — Ted Greenberg.

## Chess Club

The Chess Club got off to a late start this year, so the University Championship Tournament was cancelled. A new executive has been elected, and it is planning to get an early start next fall.

## V.C.F.

Motto — to know Christ and to make Him known.

The Varsity Christian Fellowship is an association of students who have committed themselves to Jesus Christ, and who aim to witness to Him, as Lord of all life. The fellowship plans a variety of activities, including Frosh welcome, fall week-end camp, international students supper, haunted house hike, Banff Christmas, and graduation banquet.

## Ore Gangue

Since its inception in 1934, the Ore Gangue has been an active club on the campus, with membership open to anyone interested in geology and related fields. The purpose of the club is to further the knowledge of its members in the fields of geology, and to promote fellowship.

Activities of the club include an annual field trip to Montana, a Fall Banquet, weekly meetings, lecture series by the graduate and fourth year students, films of interest, prominent speakers from private and public industry, and a bonspiel. A successful year in 1960-61 was terminated by a Spring Banquet in honour of the graduating students.

# Biology Club

The Biology Club had a very successful year. Besides the monthly meetings and entertainment for members, activities included the entry of a float in the the Homecoming Parade, and the staging of the biggest and best Biology Show on record. The club has also begun furnishing a students' lounge in the new W. P. Thompson Biology Building.

# Chemistry Society

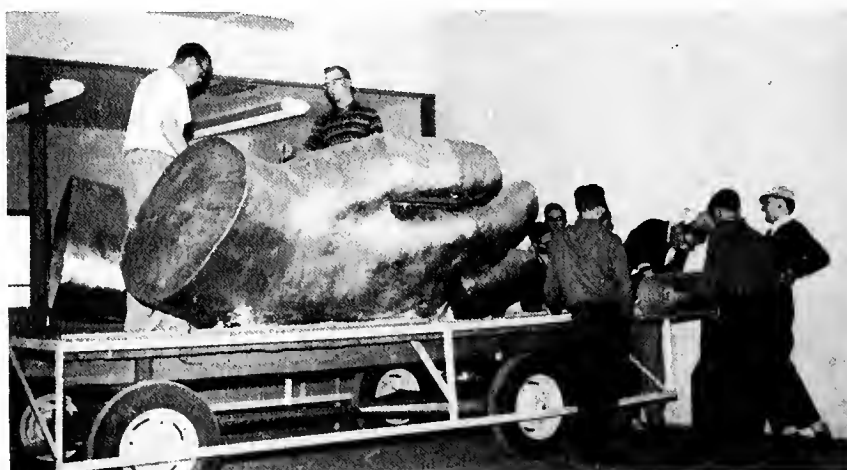

Front Row: K. M. Thompson, Faculty Advisor; Louise Taews, Secretary; Bob Jickling, President; Dick Hoffman, Vice-President.  
Back Row: Frank Boodram, 2nd Yr. Rep.; Bob Fraser, Arts Rep.; Bob Ogilvie, 4th Yr. Rep.; Mel Huszti, Treasurer; Colin Mackay, PRO; Dan Poulton, 3rd Yr. Rep.

The Society, founded in 1953, is open to students in Chemistry and Chemical Engineering. It is directly affiliated with the Chemical Institute of Canada and its members enjoy the full privileges of the Institute including "Chemistry in Canada," the monthly publication of the Institute.

The purpose of the Society is to hold several functions during the year, both academic and social and to introduce students to some of the aspects of their chosen profession. This November (1961), the Society, in conjunction with the Pharmacy Society, will put on a Chem-Pharm Show, which we hope will be the highlight of the academic calendar for the year.

The International Students Club completes another very busy and very interesting year.

The memories of the Fall Tea, the Christmas Party, the week-end in Banff, the visit to the Mendel Art Collection, the trip to Regina, the International Night, the Open Houses at Harringtons' and many other interesting events but above all, of the fun we had together, will long remain with us.

## International Students Club

# Graduate Students Wives Club

The Graduate Students Wives Club is probably one of the youngest organizations on the campus. It was started in 1959 through the thoughtfulness of Mrs. B. W. Currie, wife of the Dean of Graduate Studies.

The aim of the club is to initiate friendship and to promote sociability between young women who might otherwise be lonely in a strange city.

The group is representative of almost every province of Canada with a cross section of international members.

The club has a general meeting once a month, where everyone enjoys a varied program. Twice a month, small groups gather to participate in various interest groups such as handicrafts, bridge, music, books and swimming.

It is felt that the club fills a need in the lives of the young women it serves.

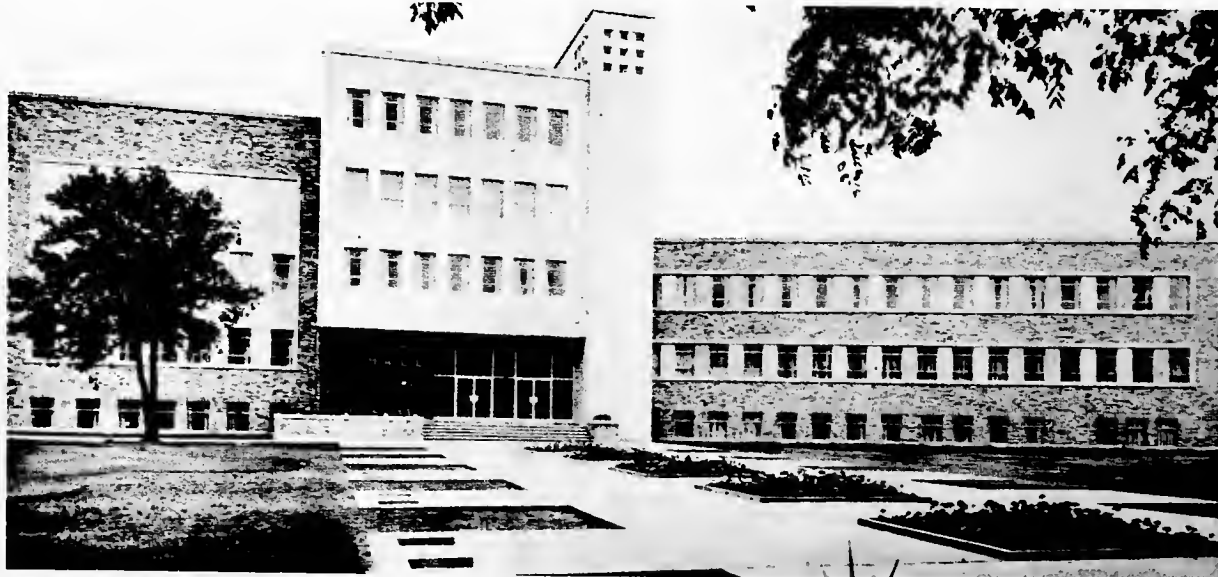

Graduate Students Wives Club Executive

Mrs. D. L. Peer, Membership Convener; Mrs. S. G. Bonin, Social Convener; Mrs. R. Ashford, Publicity Convener; Mrs. H. M. Sullivan, Co-President; Mrs. B. W. Currie, Honorary President; Mrs. U. T. Hammer, Program Convener; Mrs. D. Struble, Secretary-Treasurer. Missing: Mrs. H. M. Quick, Co-President.

# Scholarships

## Rhode's Scholar

Rhodes Scholarships were established by the Rt. Hon. Cecil Rhodes. They are open to male students who are British subjects between the ages of nineteen and twenty-five, and have reached the end of two years in University. This year, Saskatchewan's Rhode's Scholar is:

**Greg Brandt**

Greg is from Regina where he attended Central and Luther Collegiates before coming to the University of Saskatchewan. He is now in third year law. Previously Greg won a University entrance scholarship, two P. E. MacKenzie Scholarships, and the Donald Maclean Prize.

He has been active in campus activities as the law executive for three years and attending the W.U.S.C. Seminar in Israel. Greg was a member of the intervarsity volleyball team in 1957 and has taken part in intramural volleyball and basketball every year.

Greg intends to continue his studies at Oxford next fall.

# Governor-General's Gold Medal

This medal is presented by the Governor-General of Canada and is awarded to the most distinguished graduate of the year by the University Council. It is based on scholarship and leadership.

The 1959-60 winner:

## **Eleanor Haslam**

Eleanor, who is from Saskatoon, attended high school in this city. She received the Bachelor of Arts degree with great distinction and was also named winner of the Copland Prize in Arts as the outstanding graduate of the College of Arts and Science. In addition she won the G. W. Simpson History Prize. Previously Eleanor won the Harry Hunking Scholarship and two Arts and Science scholarships.

Miss Haslam has been prominent in track for many years. As well as local records, she holds several Canadian ones. In 1958 she was awarded the Dr. Fred Tees Memorial Trophy for the most outstanding track or field athlete in a Canadian University.

Eleanor is now attending the University of British Columbia, working towards her master's degree.

# W. P. Thompson Scholarship

This scholarship was established in tribute to the work of Dr. W. P. Thompson, former President of this University. It is awarded annually to an undergraduate of the University of Saskatchewan and is based on scholarship, financial need and participation in University activities. This year's winner:

## **Lynn Thompson**

Lynn attended high school at Walseley before entering University. He is now in fourth year Agriculture. Previously he won two entrance scholarships, the John Mitchell Memorial, Pioneer Grain and University Undergraduate Scholarships.

He has taken part in campus activities and athletics. He served on the Agriculture Student's and Qu'Appelle Hall executives, and on the Greystone directorate. Lynn has participated in track, football, volleyball and curling each year.

Lynn intends to continue his studies at this University next year in the College of Graduate Studies.

# Odds and Ends

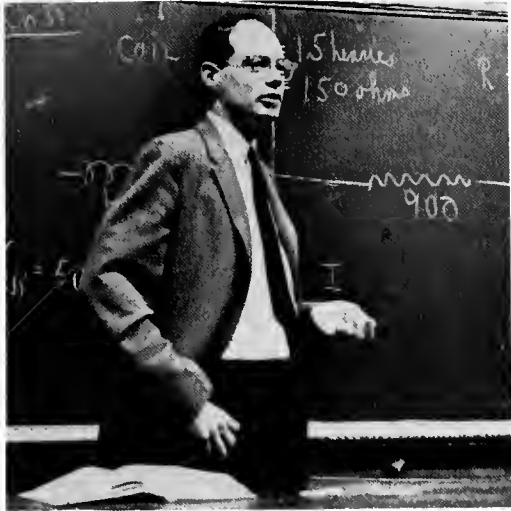

A school year.....composed of the months from September to May, the days from Monday to Sunday, the hours from 1 a.m. to 12 p.m. and the events that fill these intervals.

Every successful school year is filled with the little common occurrences that often tend to go unnoticed yet which will be remembered away. These are the events that comprise our school day.

At 8:30 in the morning, we come to school

...and go from class. ....

...to class.

...or to the MUB for coffee.

At noon everyone converges on the MUB to eat lunch in the cafeteria . . . .

...or any other place that is convenient.

The noon hour is a good time to rest in the lounges . . . .

...and elsewhere....

...to talk with friends and to mail that letter home.

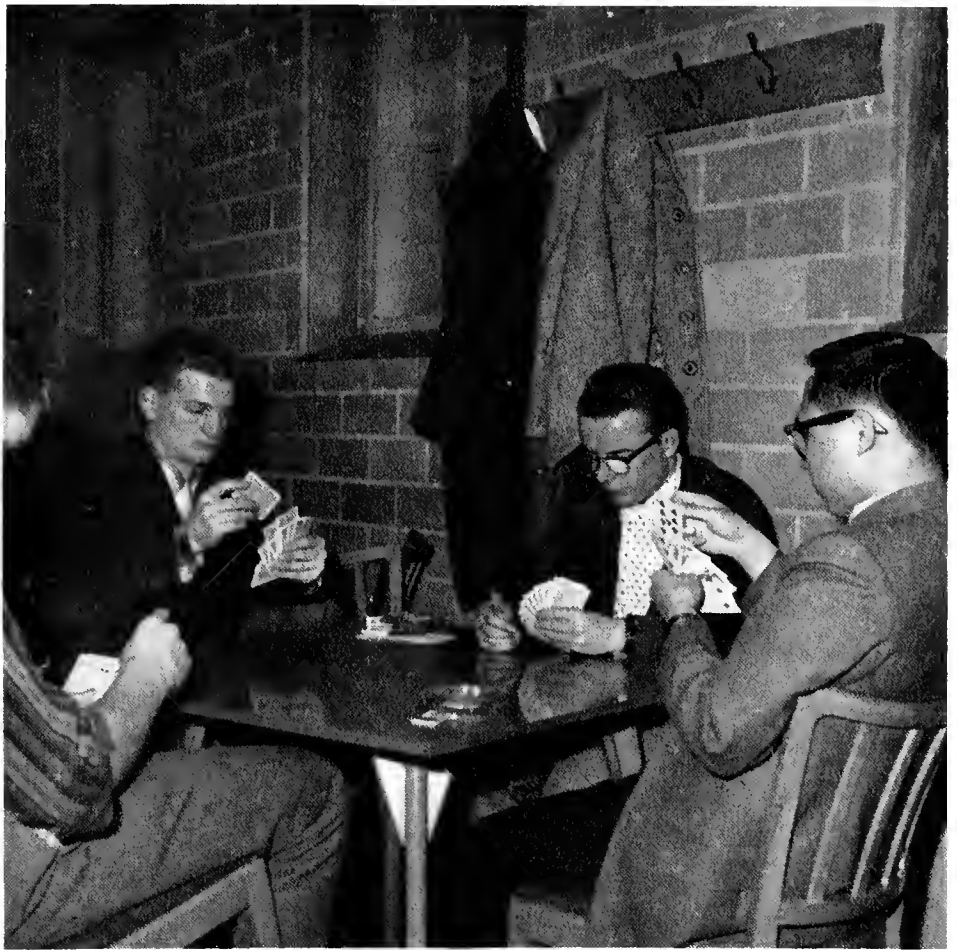

In the afternoon, we either work or sleep in the library . . . .

... or work in labs.

Bridge and ping pong are common pastimes.

...before 4:30 comes and we leave for home.

In every year there are always many events that, upon recollection, are outstanding in our memories — the colourful events of the year.

Coronation Ball

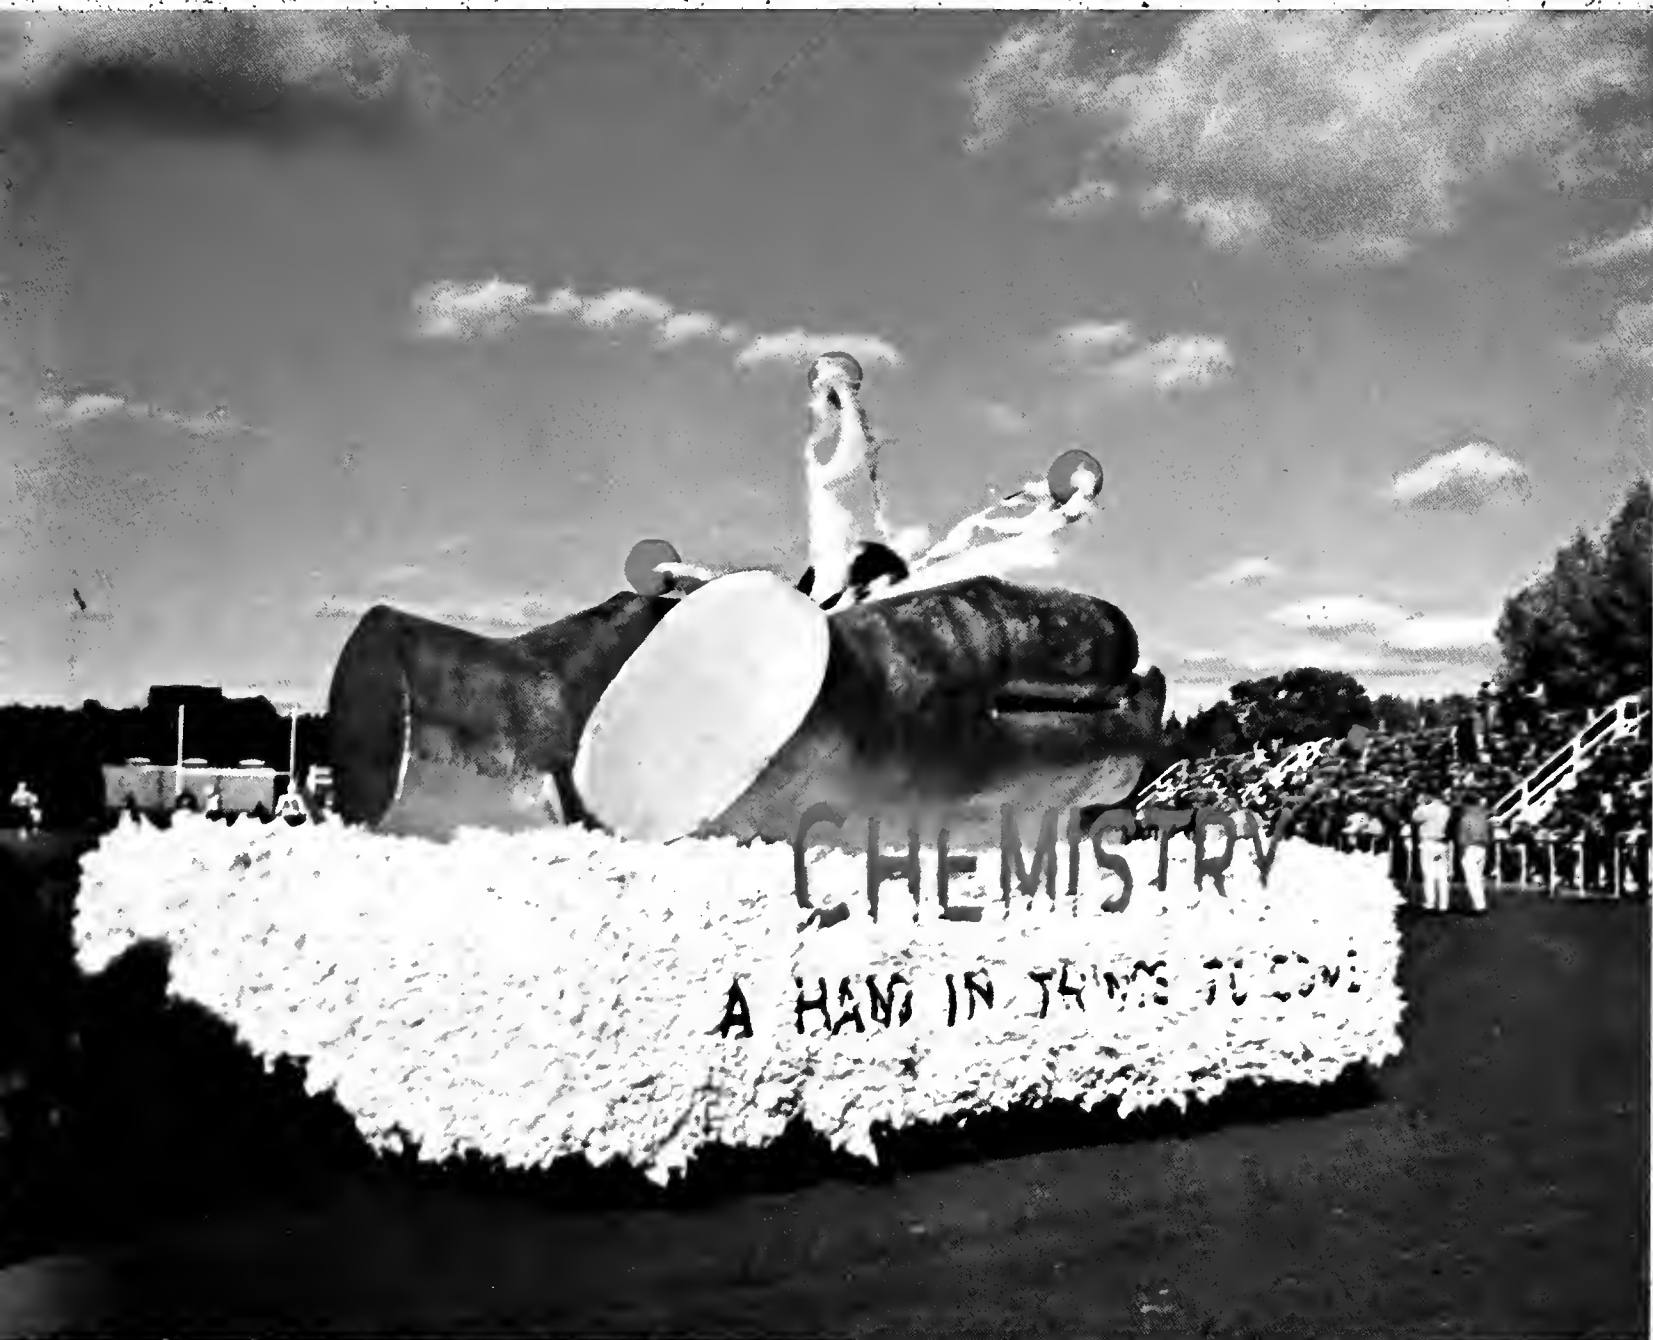

The Agro Show.

Bogey Ball.

The always colourful "Intensely Vigorous College Nine."

First Prize in the Hometown Parade — Chemistry — a hand in things to come.

The opening of the new Arts Building

Ruth McKerracher receives the "Spirit of Youth" Trophy from Pat Lawson at Gator Night.

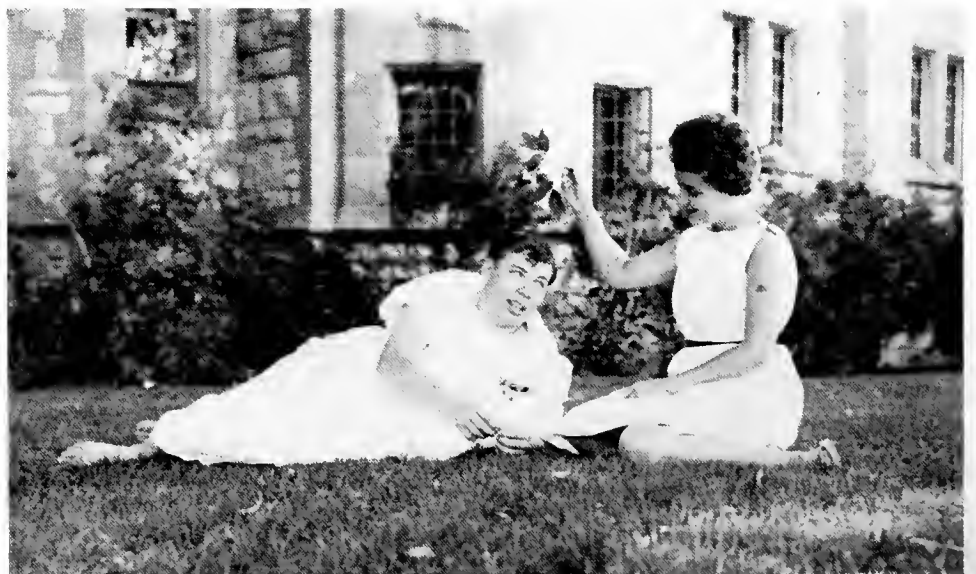

Final exams.

The highlights of the year — the activities, athletics, dances make the year 60-61 a memorable one.

Roman Holiday on Campus

# September

Frosh Welcome Week, with Turk Pearson at the helm, started off our school year with a bang. The frosh were welcomed to our campus in the grand and glorious style of Ancient Rome and we experienced a "Roman Holiday on Campus" for a week.

**The Corn Roast**

The Nurses display their hospitality.

## The Noise Parade

The winners — Arts and Science.

The month of September, although we experienced only two weeks of it at varsity, was a busy one. We managed, however, to take time out from getting settled, to register, buy books, join clubs, participate in ceremonies, and have our annual Noise Parade and Snake Dance.

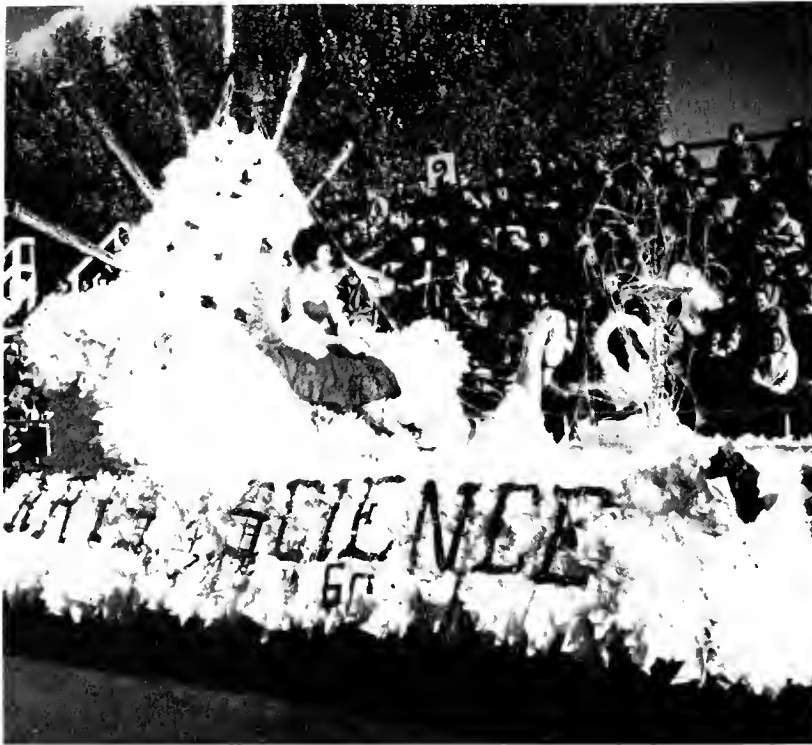

**Registration.**

**Opening of the Biology Building**

Third prize in the college competition —  
"Arts and Science Reigns in 60-61."

First prize in the non-college competition  
— "Fire Power."

Second prize in the college competition — "Engineering Serves Science — Industry."

# October

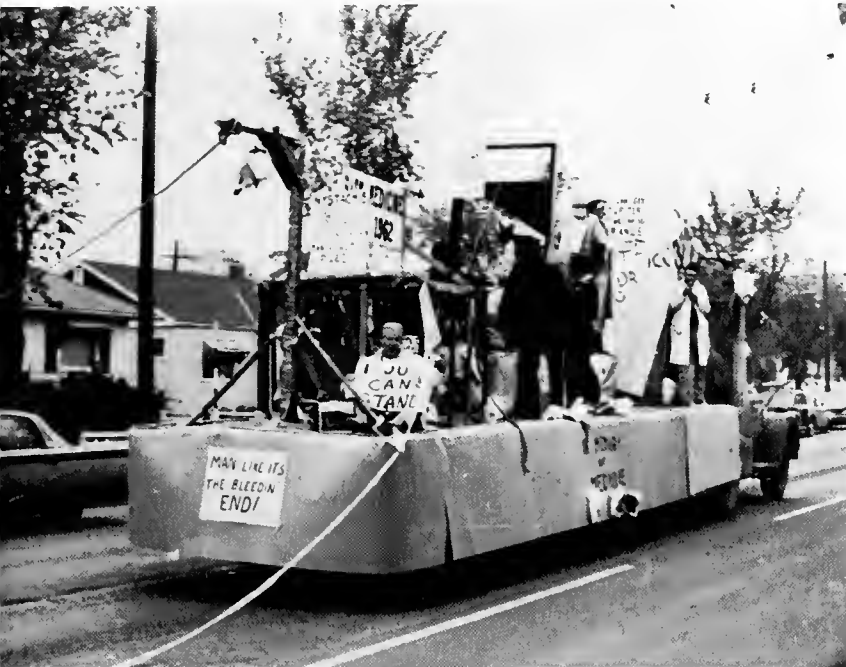

First prize in the Stunt Float competition — Geology.

The Homecoming Parade was the first of the activities in October and turned out to be the biggest and best. Usually held earlier in the year, the parade was postponed this year allowing the float builders to design bigger and better floats than ever.

Sarcasm!

Second prize in the Stunt Float competition — Medicine.

The Nursing entry — "Field Goals for Nurses."

Low

Education

Commerce

St. Thomas More

Bicycle Bounce.

President Terry Johnston and Engineering Queen Coryl Thompson at Beersmen's Ball

Home Economics Initiations.

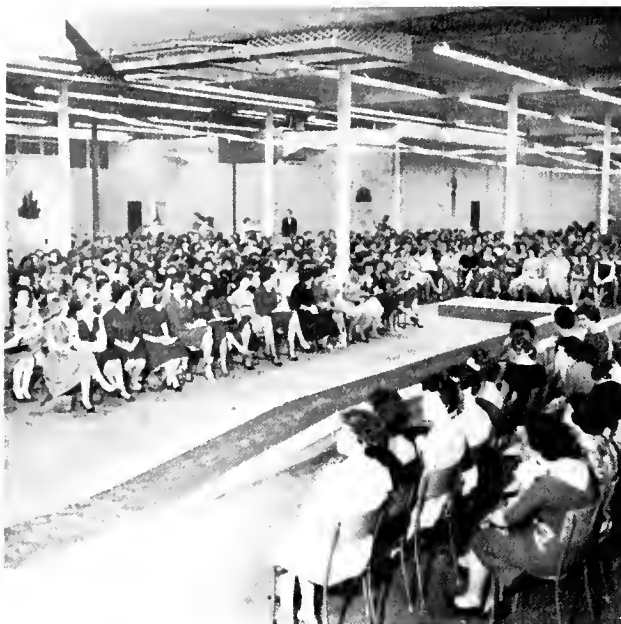

Judy Chester crowns Isabelle Mushka Home Economics Queen.

The Candlelight Ceremony.

**Big Sister — Little Sister Tea, Fashion Show and Dance.**

With the closing of the Club 400 this year, the varsity students had to look elsewhere for a place to hold their major informal functions. The problem was solved by holding some of the functions in the Koyl Warehouse and others in the Gym or MUB. Although neither of these substitutes had the atmosphere of the Club 400, they witnessed several successful functions.

The PKD Big Sister — Little Sister, one of the events held at the warehouse, filled the building to capacity.

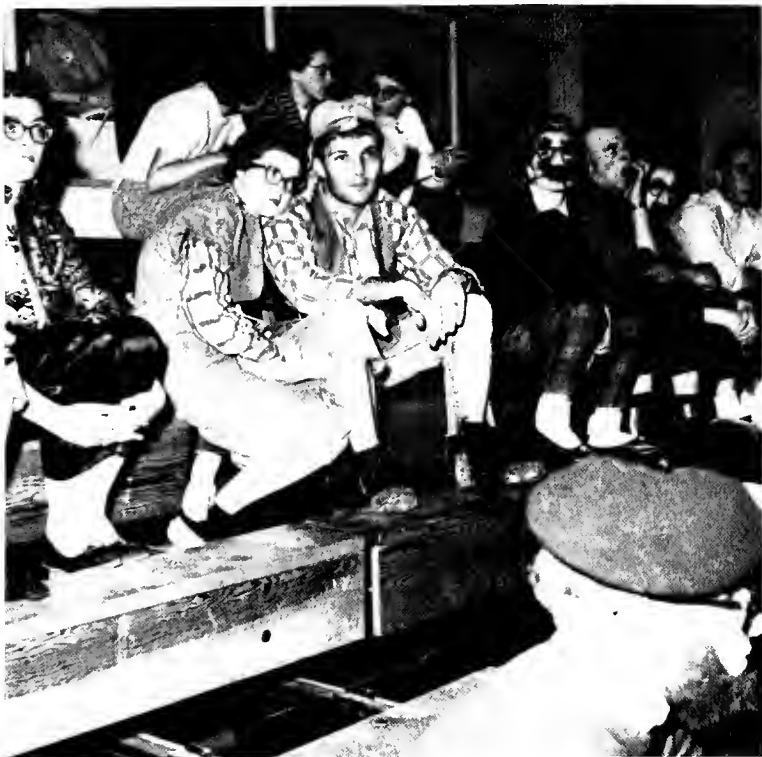

The Edmonton Excursion.

**Bogey Ball.**

October, the month of "tricks or treats," ended with a treat — Bogey Ball.

Mr. and Mrs. Dallin in their prize winning costumes.

The Nurses "Recovery Team" helps the Engineering Cheerleaders at the Arts and Science vs. Nursing Football Game.

The Nursing Halloween Party.

# November

Belles at the Bess.

Ag — Bag — Drag.

Commerce Stag?

The Russian students visit the U. of S. campus.

November is the month of informals, and formals, the time of year when the colleges choose their 'Queens.' In November, everyone "takes a break" between mid-term and Christmas exams.

The 'usual crowd' at Medicine's crowning of the queen party.

Voc. Ag. queen and president.

# Nox Colorum

Color Night, or Nox Colorum as it was called this year, was the final major social event of the year. The several awards in athletics, activities, and academics that had accumulated throughout the year were presented at this time.

*Upper Right: MacDonald Trophy to Mike Regush by Mr. R. MacDonald.*

*Upper Left: Track and Field Award to Ralph Morris by Dr. R. Du Wors.*

*Left: Most Valuable Hockey Player Award to Ian Baker by Leo Lubin.*

*Lower Left: Hill Cup to Roy Romanow and Hugh Mah by Prof. M. Woods.*

*Lower Right: W. P. Thompson Scholarship to Lynn Thompson by Dr. W. P. Thompson.*

*Upper Left:* Douglas Cup to Norm Rebin by John Holloway.

*Upper Right:* Birk's Challenge Trophy to Golf Team (Lynne MacDonald) by Pat Lawson.

*Right:* Rawson Trophy for Wrestling (Syd Pickrell) by Mr. C. Anderson.

*Lower Right:* Bentley Shield to Agriculture (Jack Drew) by Norm Rebin.

*Lower Left:* IODE Trophy to Arts and Science (Bill Mitchell) by E. Sonnenshein.

The azure sky, the great snow-capped mountains, the golden prairies, the deep blue oceans, all reflect color; color is everywhere; color is seen on our campus, through autumn, winter, spring and summer.

The summer fades, the green grass fades, the blooms, they all fade away. And up above the southern-moving Sun in the warm sky looks down upon the Greystone Campus. School begins, the weary trod back, the bright new clothes, the bright new books, the green, it fades away.

The fall is here, the firey red, the golden yellow, the colorful falling leaves and overhead, the prairie sunset is seen above the Greystone Campus.

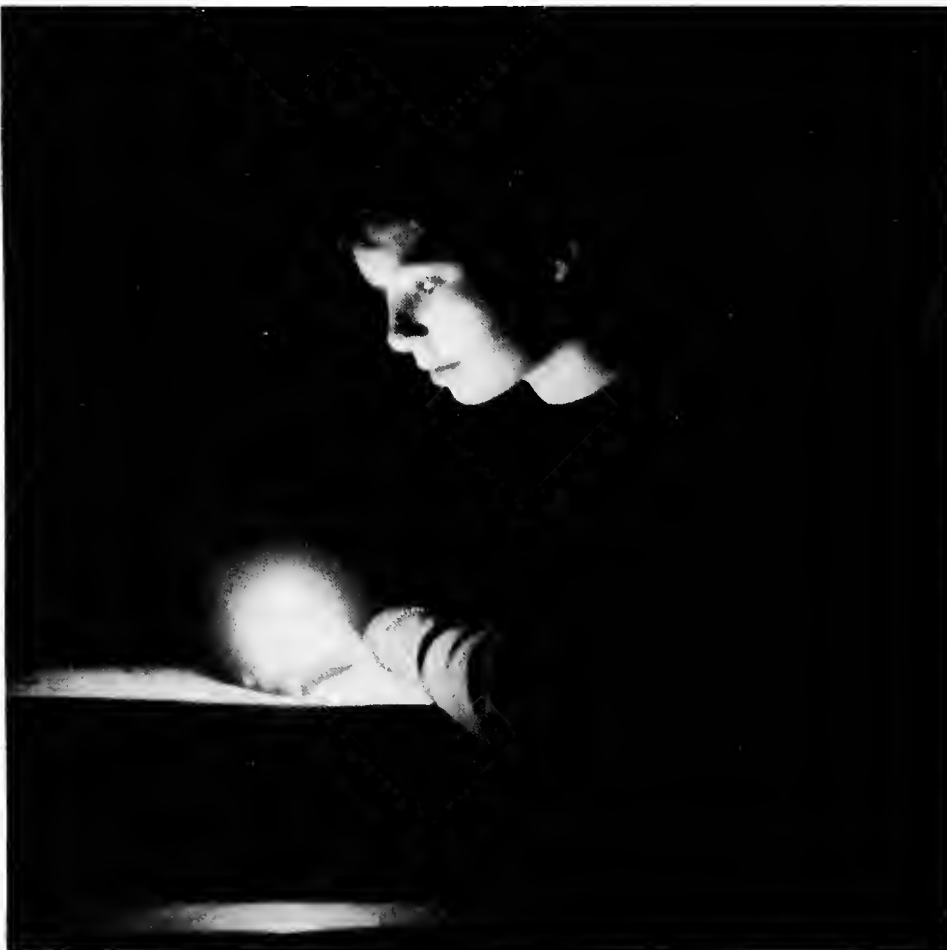

The colorful togas of Freshie Week, the gay of the Homecoming Parade, the clash of opposing colors on the football field . . . . .

. . . . . the multitude of gay dances, the social whirl begins.

The winter is here, the trees are bare, the ground is covered with fluffy white snow, and the cold dark sky rises above the Greystone Campus.

The chalk on the blackboard, the hours in the library, the yellow light burning into the dark night, as everyone settles down for a long hard winter.

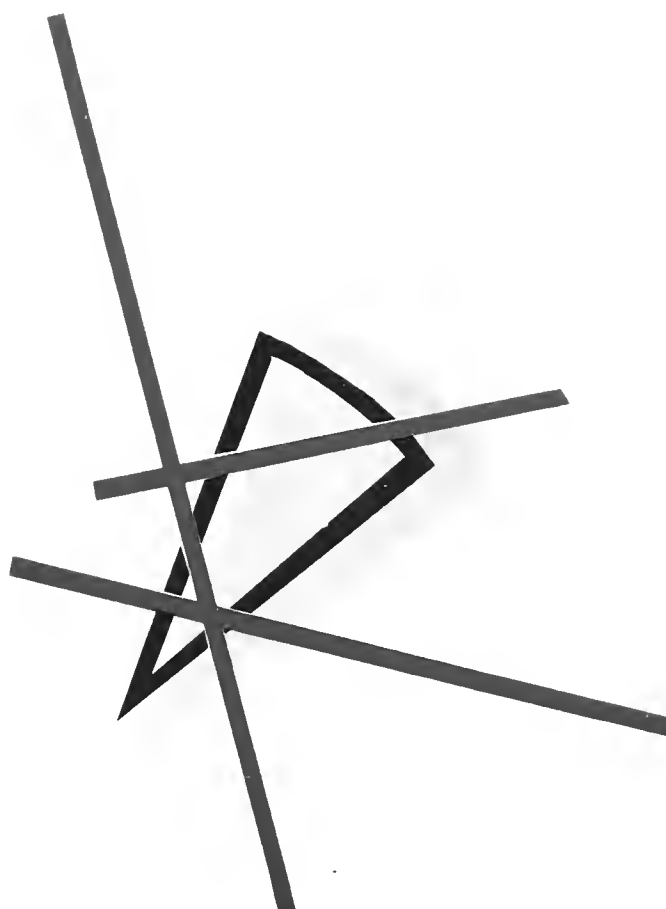

The spring is here, the red-breasted robin returns, the green buds appear, winter's blanket disappears from the Greystone Campus.

Gay spring clothes appear in place of winter's weary ones, the library is crowded, the exams are ahead.

The exams are over, the bright sun shines down on the Greystone Campus. The summer is here, a colorful year has past.  
Thus this year's Greystone dedicated itself to a theme of color.

## SCIENCE ON THE FARM

With the very increasing emphasis on quality of farm products, science has become an integral part of agriculture. The development of new cereal varieties and improved methods in the livestock industry have changed the pattern of farming.

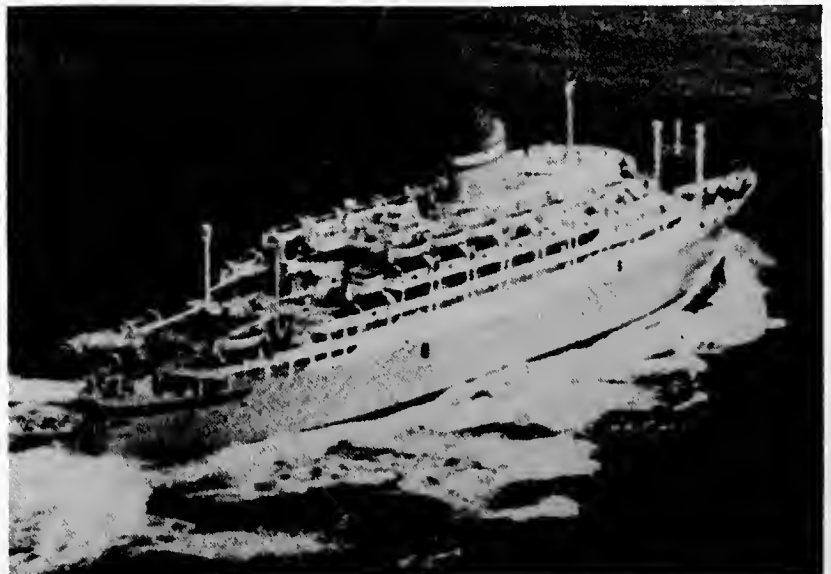

The Saskatchewan Wheat Pool has kept in step with this progress. New policies have been adopted by Pool members, more efficient grain and livestock facilities have been introduced and more emphasis placed on research in marketing and utilization of farm products.

Research has created new opportunities for trained people.

# The meter that measures our standard of living

It measures kilowatt-hours ...and as the kilowatt-hours grow, it indicates the ever-greater role of electricity in making our lives easier and more enjoyable.

Abundant low-cost electricity probably contributes more to our standard of living than any other factor. It creates opportunity for industry and business ...it speeds the production of goods...it opens the way to hundreds of thousands of better-paying jobs for Canadians.

Kilowatt-hours cost so little—but think of what they can do. In the home, low-cost electricity can bring a world of convenience, comfort and service. Planned

lighting brings glare-free new pleasure and charm to every room—at the flick of a finger. In the kitchen and laundry electrical appliances save time and toil. Television and many other products contribute to our leisure and entertainment.

Are *you* making full use of inexpensive electricity?

To make full use of modern electrical equipment—in home, office or factory—an adequate wiring system is essential. Your local power company, provincial Electric Service League or any qualified electrical contractor will assist you in planning to “Live Better...Electrically.”

# Swan Song

As the last color fades from the sky, and from the schoolyear 1960-61, it is time to bid adieu to another year at University—for some, their last.

I am sure that the years spent here at University will always be remembered, and I hope that, in this yearbook, we have captured some of the moments that will make this year a memorable one.

Needless to say, the editing of this book has been a big job, and without the help of a good staff would have been a much more difficult job. I would like to thank in particular Daryl, Judy, Lynn, Lee, Cecil, Vivian, Mel, the photographers, the printers, my classmates, and everyone else who assisted in producing the Greystone, or who offered words of encouragement when everything looked so black.
